Dear Ms. Santos:

Please be advised that the Board of Trustees of the Saginaw-Midland Municipal Water Supply Corporation, at their regular meeting on May 15, 2014, have approved the 2014-2015 Operating, Capital Improvement, and Debt Service Budgets for the Corporation.

In accordance with the 1946 agreement between the City of Saginaw and the City of Midland, it is necessary for capital improvement expense to be additionally approved by the governing bodies of both owner Cities.

The Management and Board of Trustees of the Saginaw-Midland Municipal Water Supply Corporation; therefore, recommend that the City of Saginaw approve the capital expenditure items as shown on the attached Budget for Capital Improvement and Emergency Repair Fund in the amount of \$164,000 for the 2014-2015 budget year, with a fund income allocation set at \$.0125 per 1,000 gallons pumped.

We request that this petition for approval be advanced to the council as soon as possible in order to meet our June 30, 2014, budget deadline. Please notify our office when Saginaw-Midland's Budget for Capital Improvement and Emergency Repair Fund has been approved. Thank you for your efforts in this regard.

Sincerely yours,

From: Timothy Morales, City Manager
Subject: 2013/2014 4th Quarter Budget Adjustment, Part I
Prepared by: Yolanda M. Jones, Office of Management and Budget

Manager's Recommendation:

It is recommended that the 2013/2014 Approved Budget for the listed funds be amended. This adjustment is required to recognize any errors, omissions, or changes that have occurred during the 4th quarter.

Justification:

The 2013/2014 annual budget will be adjusted in accordance with Public Act 2 of 1968, Uniform Budgeting and Accounting Act, the City Charter; and the approved 2014 Budget Resolution, which states that the City Manager must provide quarterly budget adjustments to City Council as a result of budget-to-actual analysis. As a result of the City Manager's 4th quarter analysis, the below-mentioned budget adjustments take into consideration any errors, omissions, or changes in the funding levels and expenditures approved by City Council as prescribed by the City Charter.

In the 4th quarter of FY 2014, the General Fund (101) will realize an increase of \$339,586 from \$31,131,957 to \$31,471,543.

- In April 2014, city council approved the financing of a Fire Truck for Community Public Safety – Fire. As part of this financing the city received a loan from First Merit bank in the amount of \$330,490 for the Fire Truck. This budget adjustment reflects receiving this installment loan in the General Fund Revenues – Installment Contract Proceeds Account No (101-0000-671.004) as well as in the Community Public Safety – Fire – Fire Apparatus and Maintenance Division's Vehicle Account No. (101-3554-982.000).
- In addition, the General Fund Revenues – Reimbursement Account No (101-0000-676.000) should be increased by \$9,096. This increase is due to the City receiving a check from Covenant Medical Center for the difference in the interest rate for the recent installment contract. To offset the increase in revenues, Community Public Safety – Fire, Fire Apparatus and Maintenance Division's Vehicle Account No. (101-3554-982.000) should be increased by \$5,496 to go towards a payment as well as the Bond Cost Account No. (101-3554-991.008) by \$3,600 for the cost of the services provided by the bond counsel.
- The Police Grants Local Match Operating Transfer Account No. 101-9660-999.004 should be increased \$1,522 from \$289,232 to \$290,754. This increase to this account is due to the request of the department head to transfer additional

funds from Community Public Safety – Police – Police Patrol Overtime Account (101-3511-704.000) to the Auto Theft Prevention Fund to cover overtime. The Police Patrol division will have sufficient funds to cover this reallocation of monies through the end of the year.

The Major Streets Fund (202) should be increased from \$5,006,239 to \$5,193,356, which is an increase of \$187,117. This amendment reflects the Major Streets portion of the installment contract with First Merit that was approved by City Council in April 2014. City Council approved \$364,382 installment contract with First Merit for the purchase of a loader and two foremen trucks. These vehicles are shared between Major Street and Rubbish Collection Funds. The amendment recognizes the revenues from the loan as well as the total payment of the equipment purchased for Major Streets. This adjustment also recognizes a portion of the check from Covenant Medical Center for the difference in the interest rate for the recent installment contract for Major Streets equipment. The cost of bond counsel will offset revenues received from this check.

The Rubbish Collection Fund (226) should be increased from \$4,006,190 to \$4,193,307, which is an increase of \$187,117. This amendment reflects the Rubbish Collection Fund's portion of the installment contract with First Merit that was approved by City Council in April 2014. City Council approved \$364,382 installment contract with First Merit for the purchase of a loader and two foremen trucks. These vehicles are shared between Rubbish Collection and Major Street Funds. The amendment recognizes the revenues from the loan as well as the total payment of the equipment purchased for Rubbish Collection. This adjustment also recognizes a portion of the check from Covenant Medical Center for the difference in the interest rate for the recent installment contract for Rubbish Collection equipment. The cost of bond counsel will offset revenues received from this check.

The Andersen Enrichment Commission Fund (239) should be increased from the approved budget of \$223,567 to \$310,590. This represents an \$87,023 increase to the Saginaw Andersen Enrichment Commission Revenue Account No (236-0000-674.004) because of the various grants received by the Enrichment Commission during FY 2014. To offset the increase in revenues will be an increase to the Saginaw Andersen Enrichment Commission expenses Account No. (236-7541-827.005) by the same amount.

The Thomson LDFA Fund (257) should be increased by \$503. The amendment recognizes the interest revenues received during FY 2014.

The Department of Justice (DOJ) – Justice Assistance Grant (JAG) Fund (243) should be increased by \$21,030, from \$84,364 to \$105,394. The amendment reflects the remaining appropriation of DOJ – JAG 2012 funds, which are expected to be spent in FY 2014.

The Neighborhood Stabilization Fund (279) should be increased from \$429,000 to \$941,385. This is an increase of \$512,385. This increase is directly related to higher than expected revenues received for NSP II and III as well as sales for new houses.

The Auto Theft Prevention Fund (289) should be increased by \$1,522. This increase is at the direction of the department head to cover the increase amount of overtime and associated Medicare that must be utilized in the fund. This increase in Community Public Safety - Police budget for this grant fund will be offset by a reduction in the overtime cost in the General Fund.

The Sewer Operations and Maintenance Funds (590) should be increased by \$6,500,000 from \$27,012,502 to \$33,512,502. This amendment reflects depreciation on fixed assets of the Sewer Operations and Maintenance Fund. An available appropriation of retained earnings and the recognition additional IPP Permit revenues will offset the increase in the fund.

The Water Operations and Maintenance Funds (591) should be increased from \$32,726,627 to \$34,426,627. This is a net increase of \$1,700,000. This amendment reflects depreciation on fixed assets of the Water Operations and Maintenance Fund as well as the recognition of \$42,684 in property tax chargebacks for water liens. An available appropriation of retained earnings will offset the fund's increase.

The Unfunded Liabilities Fund (674) should be increased from \$0 to \$55,386. This increase is due primarily to the interest revenues received on the City's portfolio. To offset the increase to revenues will be an increase to this fund's reserve balance by the same amount.

The Self Insurance Fund (677) should be increased a net \$53,810 from \$1,202,110 to \$1,255,920. This net increase is due primarily to the city receiving an excess insurance check from one of the insurance carriers. Revenues will be offset by the Claims and Judgment account by the same amount.

Justification:

The Wastewater Treatment Plant uses sulfur dioxide to neutralize the chlorine remaining in the water after disinfection. Removal of chlorine is required under the City's National Pollutant Discharge Elimination System Permit. On April 11, 2014, the City received an offer from JCI Jones Chemical Company to extend the current purchase agreement. This is the same cost as in Fiscal Year 2013 and 2014 and represents a reduction in cost of 12% from Fiscal Year 2012.

This vendor meets all requirements of §14.23, "Vendors", of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing, of "Title I, "General Provisions" of the Saginaw Code of Ordinances O-1.

Funds for this purchase are budgeted in the Sewer Operations and Maintenance Fund, Treatment and Pumping Division's Chemicals Account No. 590-4830-727.000.

Subject: Chlorine Purchase, Joint Bid
Prepared by: Brian Baldwin, Water and Wastewater

Manager’s Recommendation:

I recommend that the offer to extend the current purchase agreement from JCI Jones Chemical Inc. of Riverview, MI, be accepted and a purchase order be issued to them in the amount of \$18,060 for the purchase of 60 tons of chlorine for the Wastewater Treatment Division for Fiscal Year 2015.

Justification:

Chlorine is used at the Wastewater Treatment Plant for disinfection of the treated water prior to its discharge to the Saginaw River. The Saginaw-Midland Municipal Water Supply Corporation jointly specifies and competitively bids chlorine for its annual need and for the requirements of several other communities, including the City of Saginaw. The Board of Trustees of the Saginaw-Midland Municipal Water Supply Corporation, at their regular meeting on April 17, 2014, moved to exercise the option to extend the existing supply agreement with JCI Jones Chemical, Inc. as the exclusive supplier of chlorine for the Corporation for Fiscal Year 2015, at a firm price of \$301 per ton of liquid chlorine. As a member of the bidding consortium, the City of Saginaw is also afforded this price for Fiscal Year 2015. This cost represents a 6% decrease from the Fiscal Year 2013 cost.

This vendor meets all requirements of §14.23, “Vendors”, of “Purchasing, Contracting, and Selling Procedure,” of Chapter 14, “Finance and Purchasing, of “Title I, “General Provisions” of the Saginaw Code of Ordinances O-1.

Funds for this purchase are budgeted in the Sewer Operations and Maintenance Fund, Treatment and Pumping Division's Chemicals Account No. 590-4830-727.000.

Subject: Emergency Purchase Printing and Mailing Services 2013 CCR
Prepared by: Paul Reinsch, Water and Wastewater

Manager's Recommendation:

I recommend that emergency purchase order #494262 in the amount of \$17,000 be approved for TBF Graphics Inc., Saginaw, MI. Services include printing, assembly, mail house services and postage for the 2013 Saginaw Regional Consumer Confidence Report ("CCR") for the Water Treatment Division.

Justification:

The 1996 amendments to the Safe Drinking Water Act require community water systems delivering potable water to provide information about their drinking water quality annually in the form of a CCR. The annual report must be delivered to all customers of the system by July 1st of each year. Changes to the formatting for the report to allow for the new delivery method required considerably more effort and coordination. Therefore, in order to meet the July 1st deadline, an emergency purchase order was issued.

Recent regulatory changes allow for alternate means of distribution, therefore, we are trying a new digital delivery method to reduce the cost of production and mailing. The method does require written reports if requested and there are requirements for delivery of post cards informing customers where to access the reports on-line. This has been a test year for this method of delivery. We do expect savings, and depending on the amount, we may continue this method of delivery in the future.

Quotes were sought from two qualified vendors for printing, assembly, mail house services and postage. Following is a tabulation of the quotes received:

	Total Bid
TBF Graphics, Inc. Saginaw, MI	\$17,000
Data Mail Services, Inc. Madison Heights, MI	\$19,365

This vendor meets all requirements of §14.23, "Vendors", of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing", of Title I, "General Provisions" of the Saginaw Code of Ordinances O-1.

Funds for this service are available in the Water Operation and Maintenance Fund, Water Treatment and Pumping Divisions, Repairs and Replacements Account No. 591-4730-974.000.
