Job Opportunity Bulletin for

Saginaw

ASSISTANT CITY ENGINEER

\$64,432 to \$70,270

Open to the Public

THE POSITION

Under direction of the City Engineer, manages activities within the Engineering/Right of Way Division. Also initiates or assists with public works projects; supervises construction projects; and augments the City Engineer in day to day operations of the division to include traffic maintenance, street cleaning, snow and ice control, pavement maintenance, bridge maintenance and repair, composting, brush collection, recycling and forestry.

REQUIREMENTS

- Bachelor of Science degree in Engineering; Civil Engineering degree preferred.
- Registration as a Licensed Professional Engineer in the State of Michigan; or ability to secure such registry within a period of 24 months from placement into the position.
- Minimum three years' progressive design experience as an engineer and/or project engineer within a municipality, county, state, or other governmental agencies, or an engineering consulting firm involved with city/county engineering projects.
- Three years' progressive supervisory experience, preferably in a union environment
- Proficient knowledge of civil, mechanical, structural, hydraulic and utility engineering.
- Proficient knowledge of public works engineering as applied to field engineering, land surveying, inspection, construction and maintenance methods and use of appropriate materials..
- Proficient knowledge of traffic engineering operations and maintenance procedures and standards
- Proficient knowledge of Federal, State and local codes.
- Proficient knowledge of design requirements for various improvements and structures.
- Proficiency preparing technical reports and evaluations of complex engineering problems
- Ability to represent the City with engineering groups, citizen committees and public works contractors.
- Proficiency with Microsoft Office, AutoDesk, Synchro, Simtraffic, or other highway capacity and traffic simulation software. Proficient knowledge of FieldManager, MERL and Roadsoft Software preferred.
- Knowledge of right of way operations to ensure public safety regarding maintenance of streets and bridges, collection and disposal of brush, removal of snow and ice, and removal of dangerous trees.

EXAMINATION

Applications will be screened. Those best qualified will be invited to an oral interview.
